For Singapore Green Plan 2030?

# Singapore Green Plan 2030

- Stepping up the pace to green 80% of our buildings (by gross floor area) by 2030
- Having 80% of new developments (by gross floor area) to be Super Low Energy (SLE) buildings from 2030
- Achieving 80% improvement in energy efficient for best-in-class green buildings by 2030

Greening our buildings is hence a key strategy to achieve our sustainability ambitions under the Singapore Green Plan 2030, and to fulfil our international commitments on climate change.
